Safety first

In spite of improved highways and safer cars, the auto accident toll has suffered no depression but maintains its ghastly record.

The answer to the problem still rests in the hands of the man behind the wheel.

Only by safer driving on the part of everyone will we ever be able to reduce substantially the accident record in this country.

Why not make a resolution yourself always to observe traffic rules—not to drive at excessive speed (the greatest single cause of fatal accidents). To be considerate of other fellow whether he be in another car or on foot! And most of all to be considerate of yourself and your family—for your lives are worth a great deal more than the few moments which might be saved by reckless driving!

a glaring nature by the Rams at crucial stages, spelt their defeat.

Tommy Williams handed out a trio of fine passes, with a wide open field for the receiver to trot toward golden, only to have them dropped. Knocking inches from the goal line for a counter, a miserable line fumble gave the ball to the Eagles.

Our Rams were up against real competition and early in the second quarter showed awareness and "time out" was frequently taken for rest.

The Eagles depended mostly on their passing and runs for ground gains, which they made click, one of their set ups for a touchdown coming from a pass and end run, which thrilled the Ft. Myers fans.

Charles Miller, after a desperate and vicious tackle cutting the runner down just short of the counter mark. But the Eagles swept the corner for their winning touchdown.

The Rams were the first to score in the second quarter, when Leathers went over after a strong drive down the field, and got the added point. St. Pierre scored in this quarter, too, the half ending with the Rams leading 7 to 6.

Two touchdowns and a goal point placed the Eagles ahead, which they held to the end. The Rams got their second touchdown in the last quarter by some real field driving work.

Without debate, patrons saw the Eagles playing a superior game to the Rams, although they did not win except by the hardest kind of work.

Both the school bands appeared on the field and gave a snappy drill and the Rams band was given a heavy round of applause. The Eagle band is a first division band in its field work and appearance in green and yellow uniforms. Ft. St. Lucie county, had a large and efficient cheering section, which spurred the Eagles to do their best.

To accomplish such purposes is quite an undertaking. It is too much for any one individual but every member of the department will make the importance of a unified effort to accomplish every purpose indicated. Every civic organization and community institution works toward accomplishing some phase of these purposes but such organizations are limited by their very nature.

The Belle Glade Chamber of Commerce is your organization regardless of your status in the community or whether or not you are a dues paying member. We recently had a request for 4000 folders setting forth the advantages of our community. These folders would go into ticket offices and travel offices of the Illinois Central Railroad. We expect to have such a folder prepared in the very near future.

The frame school building, which has seen such long service is to be razed and the city will use the salvaged lumber and interior plumbing equipment, or that portion which can be utilized, in other city work.

Possession will be given by the School Board by December 1. The \$38,500 received by the Board has been ordered earmarked for the building additional rooms at the site of the new negro elementary school building. Transfer of the school children from the old to the new school will be a matter of the near future.

Football, today, is a game of specialists and Florida has its quota in the kicking department. Looming up on the horizon and joining the "kick corps" composed of Lee Lewis and Fred Montedioso, comes Carroll McDonald. This trio should provide the Gators with an efficient 3-5 punch in the conversion punting and kickoff departments, respectively.

Fritz Stein and Kenneth Bass, who are students at the University, are mighty proud of their recent fellow school mate who the Glades is making in the football world.

The Bobcats had their first

reception of the "Hucklebuck,"which was played between the
halves, was greatly enjoyed by
everyone. The majorettes dis-
played much skill in their tech-

eral public is very grateful toMr. Kirksey and Mrs. Holliday
for bringing to us such splen-
did performers. The pep squad
cheered the boys, although our
boys were defeated. However,they put up a good fight. Our

Faithful Police Officer Retires From Service For Town Of South Bay

Chief Charles G. Payne, who
has been in charge of the police
department as chief for the last
five years, resigned his position
the first of last week and re-
turned to his home in South Bay.
Chief Payne is to be credited
with building up the police de-
partment in South Bay and
bringing law and order to the
community. He has been on du-
ty 7 days a week and on call
24 hours a day.

For the first years of his ser-
vice here he used his own car
for patrol duty. Once the de-
partment was on a paying ba-
sis a town police car was pur-
chased and last spring the in-
tercommunication radio was in-
stalled to put him into instant
communication with Everglades
police officers, state highway
patrol and county sheriff's of-
fice.

During the five years he has
not only raised funds to put the
police department in the clear
but also was instrumental in
financing and establishing the
garbage collection out of po-
lice fine and forfeiture funds
and added the balance to the
regular town treasury. During
this time he turned over to
the town approximately \$41,
000.00 in fines and forfeitures.
His best year he turned over
some \$11,000 into the town trea-
sury. This last year the police
returns were \$4900.00. Expens-
es for the year including sal-
ary equipment and up-keep on
the police car amounted to \$8,
203.51 leaving a net balance
to the general town funds of
\$1,786.49.
